

Netball Weekly summary:

U18 vs Former Pupils Lost 21-23

With no subs due to injury and unavailability Truro School put on an excellent display in their first match together. Truro School were leading the former pupils 16-14 going into the last quarter; nevertheless a lack of subs and fitness let the Former pupils gain an advantage winning 23-21. It was a superb game, probably the best former pupils game in memory. An excellent team performance from every Truro School player (both past and present).

Vs The Maynard School, Exeter

U14

Drew 18-18

The matches against The Maynard are always highly contested and this was no exception. Each quarter one team or the other had the upper hand so it was going to be down to the last quarter. Truro had spells where they worked the ball down the court and successfully shot the goals but the weather conditions were awful which made it hard to keep up this intensity. The team are to be commended for playing in this weather and actually being able to catch the ball with the rain so hard at times. Well done girls.

U16 Lost 20-27

In very wet and slippery conditions the U16s got off to a hesitant start. Maynard took advantage and pulled ahead. The girls persisted and had pockets of superb play. Molly and Rosie were strong in the shooting circle with great support from Zoe. Maddie and Mary displayed excellent teamwork and perseverance in defence and Mary fully deserved her player of the match.

U18 Lost 27-39

Truro started slowly allowing The Maynard to take an early lead; Truro then upped their game and played some good flowing netball. Excellent shooting from Amy throughout. A very promising start against a strong opposition; giving us some things to work on in training.
