Truro School Chamber Choir sung a very moving Evensong at Truro Cathedral last week. Not only was it the last Evensong of the academic year, it was a chance for Upper Sixth students to say goodbye to the choir and the cathedral's Director of Music (pictured). The students, who are about to sit their A Levels, finished as choristers in Truro Cathedral in 2014 having joined when they were in Year 4, 10 years ago.

FAO Parents/Guardians of former  
Truro School Prep pupils:

It is that time of year when we need to start thinking about the next Truro Prep School Speech Day.

If you have a trophy that was awarded at last year's Speech Day, please could you return it asap to Truro School Prep so we can prepare for the next recipient.

If you have already returned your cup to us, many thanks and no need to respond.

It has come to our attention that several pupils in the first year are suffering with head lice which is being treated. However, we need to ask all parents of pupils to check their child's and siblings' hair for head lice and eggs and to treat as necessary. Please also continue to check each week for 3 weeks as this problem relies on everyone's vigilance to be eradicated. Treatment is by:

Wet combing – this is a method of removing lice with the regular use of a fine-toothed comb (the teeth of the comb must be 0.2 to 0.3mm apart). You need to comb through the entire head of washed hair (generously covered in conditioner) every four days for at least two weeks. It's important that you keep doing this until there have been three consecutive sessions without seeing any lice

Medicated lotion or spray is an alternative method for treating head lice. However, no medicated treatment is 100% effective. Your pharmacist will be able to recommend an over-the-counter lotion or spray

Thank you for your cooperation, School Nurses
