

TRURO SCHOOL FOUNDATION

September 2019 Award Recipient – Student B – 1st Year

Starting at Truro school was daunting at first – I didn't really know anyone, the school site seemed huge in comparison to my primary school and wearing a blazer took a little getting used to! However, it took hardly any time at all before I felt like I belonged. I have made new friends and my teachers have all been really helpful and kind. I'm doing so much more sport and music than I have ever done before - I am so happy! I'm also loving using Everest to remind me of my timetable and room numbers, organise my homework and keep an eye on my commendations... I have quite a few so far!

I understand that attending Truro School is a complete privilege; I have thoroughly enjoyed every moment so far and look forward to what lies ahead. I know that being a pupil here offers me lots of unique opportunities that would not be possible otherwise. I am so grateful that I have the opportunity to access an amazing education delivered by teachers that really care. I know that Truro School will benefit me in many ways with both my passion for sport and my love for music. (I am also very excited about Art!) Thank you for offering me an amazing chance to succeed in all areas of the curriculum.

I really love my new school and I want to thank the people who have supported and helped me in accomplishing this goal. Being a pupil at Truro School was once an unimaginable goal and now I'm here! A huge, heartfelt thank you to everyone who has enabled me to achieve something we never thought possible. I promise that I will not waste this opportunity; I will always try my best.

Thank you!

Parents of Student B

We are incredibly fortunate that our daughter, has received a substantial bursary to enable her to attend Truro School. She has consistently worked hard throughout her primary education and as a result, is not only academic, but also a dedicated musician and talented sportsperson. We sincerely felt that Truro School was the 'right' setting to enable her to continue to succeed in education: steadfast in the belief that the high expectations of staff would foster an attitude essential to her fulfilling her true potential and ensuring she becomes a valuable member of society.

Had our daughter not have received her bursary, it would have been completely impossible for us to fund the first-class education that is on offer at Truro School. She is already regaling us with anecdotes about Girls' Pop Choir and Wind Band. She is in heaven swimming and playing tennis

several times a week - despite the early starts! Our daughter is exhausted at the end of her school week, but she is enthused in a way that we've never experienced before. She knows and understands what a privilege it is to attend such a prestigious school and she is lapping up every opportunity offered to her.

Truro School is everything we had hoped for - and more! All parents want the very best for their children. We truly believe that the education and pastoral care offered at Truro School is second-to-none. It means everything to have our daughter attend and we are so very grateful to all those who support Truro School Foundation, for giving her this most wonderful opportunity. Thank you so much!
