

TRURO SCHOOL FOUNDATION

September 2019 Award Recipient - Student C – 1st Year

I am writing to let you know that I have settled in at Truro School, since I started a few weeks ago. When I first started I only knew a few people and already I have made some fantastic new friends.

I have joined the rugby team, and have already played in two matches representing Truro School. I felt so proud to be a part of the team and very happy to say we won both games! I am playing again on Wednesday which I am looking forward to. I also joined the choir last week which was great fun and now I play squash.

I am very happy at Truro School and I would like to thank you so much for giving me this opportunity and I am very excited to see which lessons I will enjoy the most. So far I have loved chemistry and history.

Many thanks again.

Parents of Student C

We would like to thank you for giving our son, the opportunity to spend his school learning days at Truro School.

He started his first year at Truro School in September 2019 and we are delighted to say he has settled in so well, and easily. We feel he has really thrown himself into the Truro School Community. His sporting passion is rugby, and he was so happy to be chosen to be in the rugby team to represent Truro School. He has also joined the choir which he has found great fun and is looking forward to sing in any concerts that may happen in the future!

Our son's enthusiasm for learning has increased and he returns home eager to complete his homework and to tell us about what lessons he had that day!

We are really looking forward to see how he progresses over the next year, but already, we can see a very happy boy who absolutely loves going to school every day - and this is because he is at Truro School.

With many thanks to all the Truro School Foundation supporters.
