## Debating Matters Competition

Debating Matters went online this term with two six-school championships in November and in December.

The first debate took place on Thursday with our Lower Sixth team of Anna and Edward opposing "In the digital age, we should not expect our online activities to remain private". The team were very impressive, ultimately winning the debate. The judges praised their tremendous research and insights, conceptual clarity and sustained arguments, which opened up the debate more and more as it went on. They worked brilliantly together and completely mastered the Zoom format.

The second debate took place today with Amy and Jack opposing 'Unhealthy lifestyles are not the business of government'.

Both teams did incredibly well and we await news of today's result. The Final takes place on Tuesday 8 December, with teams debating 'Britain should pay reparations for its colonial past'. We wish them the best of luck!

## Inspiring futures

3rd Years experienced their Inspiring Futures GCSE taster day. New subjects such as geology, computer science and PE were introduced to help them understand the courses and the doors they can open.

Our very own careers advisor Mrs Kenward gave a talk about different industries and how to break into them.

## Cathedral Christmas

On Advent Sunday (29th), the boy choristers sang an Advent service with many beautiful carols for this time of year and is still available to view on [YouTube](#).

Truro Cathedral is offering many Christmas concerts and services over the festive period, some pre-recorded for broadcast and some

which you will be able to attend in person, including traditional Christmas Eve services such as Nine Lessons and Carols and Midnight Mass.

Space is limited and tickets, which are free, must be booked via [Eventbrite](#).

### ARRANGEMENTS FOR AN EMERGENCY SNOW CLOSURE

At this time each year we review our Unforeseen Closure protocol. This year that review has factored in both the need to manage closure in a Covid-safe way, and our enhanced capacity to deliver remote learning. Below is a summary of the arrangements for information:

In the event of an **out-of-hours closure** decision at either the Prep or Senior School, or both, SMS and email communications will be sent by 7am to all parents, Sixth Form pupils and staff. Any updates or further information as the day progresses will be placed on our website at: <https://www.truroschoo.com/communication/>

In the event of a **within operating hours closure**, staff will supervise pupil dispersion in a Covid-safe way. SMS and email communications will be sent to all parents, Sixth Form pupils and staff. This communication will detail the school closing time and further arrangements for collecting pupils. Any updates or further information as the day progresses will be placed on our website at: <https://www.truroschoo.com/communication/>

**Subsequent days:** In the event of an out-of-hours closure decision on subsequent days, SMS and email communications will be sent by 7am and further advice will be given about expectations for work. We expect remote learning to be supported interactively from the second day of any closure, if not before.

### Christmas Gift Appeal

This year, many local children will wake up on Christmas morning with no presents! These children may be escaping abuse or facing homelessness due to family illness. This is only made worse by the coronavirus crisis, causing extra job loss and financial difficulties. This year we are doing our annual Christmas Gift Appeal. Please help these families this Christmas, by donating a brand-new, CE safety marked gift. Please hand into Truro School Reception. Thank You!

## Figuratively drawing...

A group of 1st Years enjoyed a session of figure drawing using the grid method.

Thank you to everyone who helped us raise an estimated £1,556 for All We Can during October's charity events.

All We Can is an international development and relief organisation, working to see every person's potential fulfilled. Focused on serving the world's most marginalised communities, All We Can is rooted in the Christian faith.

## Old Truronian on Podiatry

Denise attended Truro School Sixth Form from 1994-1996 and is now Head of Podiatry and Orthotics Services at Torbay and South Devon NHS Trust. On Wednesday, students interested in a possible career within an allied health profession were offered the opportunity to find out more about podiatry and to learn of the journey and progression Denise has made.

Denise successfully applied to the University of Wales Institute, Cardiff where she qualified to begin as a basic grade Podiatrist at Torbay and South Devon NHS Trust. She became a senior 2 Podiatrist one-year later, a team leader in 2006 and now leads a team of 14 podiatrists in a clinical and all patient facing role as Head of Podiatry.

"I was a failed physio and now so pleased I didn't get the grades to undertake it because the wound side of podiatry is much more appealing to me than the MSK side which is more like physio. They refer patients to us to do more in-depth physio. Also, the fact that podiatrists can develop into podiatric surgeons and undertake all foot and ankle surgeries might appeal to someone who was thinking of medicine. It is such a varied career."
