## A LIFE SKILLS ACADEMY

**"Do all the good you can, by all the means you can, in all the ways you can, in all the places you can, at all the times you can, to all the people you can, as long as ever you can." John Wesley**

Truro School was founded by Wesleyan Methodists in 1879, and the school's boarding community continues to be characterised by the key values and messages of Wesley. Boarding at Truro School is a close community of students of all ages and nationalities and residential boarding staff. The boarders are known very well by the staff who encourage, guide and support boarders to achieve excellence in academic learning habits, social and independent living skills, leadership and service, and planning for university or the workplace. The boarding staff also work tirelessly to instill the Wesley and Cornish values of tolerance, respect, community, humility and kindness, and the Truro School values of curiosity, creativity, compassion and courage. Boarding offers a special opportunity for students to develop valuable life skills that are becoming increasingly important in the modern world, some of which are outlined below.

To achieve the best possible outcomes in academic studies through the development of independent learning habits such as time-management, resilience, goal-setting, avoiding distractions of mobile devices, studying beyond set home-work and revision techniques. "Having the library to study in every evening is really beneficial for my independent study. Also having a maths clinic some evenings has improved my understanding of maths considerably." Cam M, a full boarder and actor.

To follow interests and hobbies outside the classroom and boarding houses such as playing musical instruments, directing the sound and lights for a school play, war-gaming, surfing, keeping fit, and playing basketball. "In boarding it is very easy to be involved in the ever-expanding list of activities. You can participate in things such as drama, sports and debating. As a boarder you get access to evening badminton, basketball and football. Teachers are always willing to help you decide what to do." Cam H, a full boarder and actor.

To develop social skills such as cultural tolerance, living with others, confident interaction with adults, and forming and maintaining friendships. "My first ever encounter with people here made me happy more than ever. It was difficult to leave my favourite pet and friends, but the school amazed me because everybody is very kind and happy. Teachers are happy to listen and have a conversation with you, and students bring me to a next step if I fall. All of it has encouraged me to keep going with new discoveries, sports and hobbies." Aisté, an international boarder.

To learn independent living skills such as self-organisation, keeping mentally and physically healthy, cooking and financial awareness. "Because I share a room, I have to be aware of my roommate and keep our shared space tidy. We also all help tidy the kitchen and common room, which some boarders don't have to do at home! The boarding staff have been really good at helping me get organised with stuff outside of school such as evensong in the Cathedral and cadets." Katie, a boarding prefect.

To develop leadership and service skills such as leading a group of peers and contributing to group discussions and decisions. "I joined the school early on, which has allowed me to be able to mentor and guide new boarders, helping them to settle into boarding. As a Lower Sixth Form boarder I have the opportunity to apply for Head of House or House Prefect, which will expand my leadership skills. Also, in my time here, I have been on the House Council, which meant I could voice my opinion and grow in confidence contributing to group discussions." Evie, a weekly boarder and chorister. To plan and prepare for the workplace and university by choosing the right path, writing letters of application, gaining work experience, writing a CV and practising interview skills. "My Oxbridge program adviser and my tutor have helped and guided me through the process of applying to highly competitive universities, which made me feel strong and confident about my university application." Pao, an international boarder, a prefect and a member of the school badminton and rugby teams.

## DIVERSITY AND INCLUSION

The boarding community is fully committed to respecting diversity and achieving inclusion. There are many different nationalities and cultures represented in boarding, and there are also boarders with different ages, outlooks and characters. The diverse boarding community is brought together in early September with many team-building exercises and taught together throughout the year in the Boarders' PSHE programme. Respect is a key boarding value and is promoted at all times. The successful promotion of diversity is best seen at the tremendously enjoyable and fully inclusive Boarders' Christmas Party, where all boarders mix together and enjoy each other's company while fully respecting different ages, outlooks, characters, cultures and nationalities. Provision is made for boarders with particular religious, dietary, language or cultural needs – these needs should be communicated to boarding staff who will then co-ordinate the provision. For example boarders can receive extra EAL (English as an Additional Language) support when needed.

## WELFARE

The safety, security, health and wellbeing of boarders are the primary focus of the boarding team. There is always a member of staff on duty who is easily contactable. There are regular roll-calls and meals and supervised evening prep and bed-times. Boarders receive weekly one-to-one mentoring and regular boarders' Personal, Social and Health Education (PSHE) sessions. Houseparents frequently communicate with parents, guardians and teachers to ensure the best possible outcomes for boarders. The school nurses are available in the Medical Centre and the counsellor, Chaplain and independent listener provide additional pastoral support. Boarders' feedback is welcomed through the House Councils, the boarders' survey and the Boarders' Food Committee.

Welcome to Truro School's boarding community. We hope that the information in this booklet will give you an idea of what life will be like as a boarder at Truro School, whether weekly or full.

Boarding at Truro School is a truly exciting opportunity. Our statement of Boarding Principles and Practice sets out what we seek to achieve with, and for, our boarders. The testimonies of the children and young adults who benefit from being a part of this close-knit community are both heart-warming and inspiring.

Our boarders are encouraged to become ever more independent whilst always having access to the ongoing care and support of our staff, and the enjoyment of being with their peers. They enrich our community immeasurably by bringing a true diversity of backgrounds, cultures, interests, and reference points right into the heart of Cornwall. In turn, they are able to grow as people by accessing the charm, beauty, and opportunities afforded to us by our location and our education.

Being part of our boarding community, drawn from across the UK and the globe is an education in itself. Pupils receive a moral and social education, sharing and living within a small global village, learning about the balance between work and leisure, the wider world and their responsibilities within it including respect for other people, their personalities and their possessions.

All this happens in the context of the care and guidance of the house staff. The serious and the light hearted are discussed routinely, staff organize and support house meetings and other group discussion, as well as in individual dialogue. Boarders are given opportunities to take responsibility - particularly as they get older – and in doing so make a positive contribution to their own boarding community. The prefect system is one way in which this is done.

The aim is to promote a particular quality and confidence of personal relationships. Pupils who have benefited from this life tend to find the transition to Higher Education, for example, easier than some of those who

have lived at home until they are 18 or 19 years old.

Boarders live in a routine which facilitates academic excellence and provides opportunities for co-curricular activity – to enjoy and to achieve. There is a regular routine of prep during the evenings (which is supervised in the earlier years but which entails greater responsibility later) with the incidental advantage that boarders have some opportunity during the evenings to consult staff on academic matters.

Boarders participate in a vast array of enjoyable activities. Many are active to help promote healthy lifestyles. Others are more creative and relaxing. While providing these advantages of communal living, the school also respects the boarders' need for privacy, and their rights to some of the features of home-life.

The role of the resident House Staff is a vitally important one: they establish the tone of the house. They are staff who the boarders get to know very well, and who inspire the confidence of boarders. They provide boarders with pastoral care when they need support and advice. They also maintain a clear and firm framework of discipline in which the boarders can grow up with integrity. House Staff maintain good contacts with parents and guardians too, and deliver many of the life lessons that parents would at home, including on matters such as e-safety, growing up, managing finances, relationships and personal safety.

Boarding at Truro School is truly a fulfilling and opportunity rich experience, and we look forward to welcoming you into our boarding community.

Mr Andy Johnson  
Head

## The boarding team

All of our boarding staff live within the boarding houses and help to provide a sense of community in a homely environment. They are there to personally support the boarders and give them the guidance they require until they leave Sixth Form.

Our house staff are all highly experienced in boarding and have completed Boarding Schools' Association training as well as first-aid and mental health training. They work closely with the school nurses, the Heads of Years, the Chaplain, the Deputy Head (Pastoral) and the teaching staff.

### HOUSEMASTER & HEAD OF BOARDING: **Mr David McKeown**

David joins us as our new Head of Boarding for September 2022, as Tom Copeland moves to a new pastoral role in the School as Head of Year. David has been Head of Boarding at the Swiss International School since 2019 and has led boarding communities both in the UK and aboard over many years.

He has a Masters' Degree in leadership, experience of leading boarding inspection, and has led professional learning networks across the 52 GEMS Education schools. His wife Anna is an intensive care nurse.

"Trennick staff and boarders are guided by the Cornish values of community, tolerance, humility, respect and kindness. Boys are encouraged to develop their independent living skills, their social skills, and their hobbies and interests".

### HOUSEMISTRESS: **Mrs Sarah Mulready**

Sarah teaches mathematics, coaches hockey and is Head of Wickett House.

Sarah is highly experienced in Truro School boarding. She has been Resident Tutor for junior boys' boarding and Girls' Deputy Housemistress while living in Pentreve. Sarah grew up in Cornwall. She is married and has three young daughters, Poppy, Matilda and Bella, and a son Sebastian. Her husband Damon works locally and also coaches football at the school.

Sarah's hobbies include sea swimming, running and enjoying the outdoors with her family.

"Malvern very quickly feels like home; somewhere that the girl boarders feel safe, supported and valued for their own unique talents and abilities. Truro School has a lot to offer, both academically and in the wider co-curricular sense, and I aim to help the girls develop their skills, pursue their dreams, and make lasting friendships"

# Travelling to and from Truro School

**Arrival time at the beginning of each term should be between 2pm and 9pm. For boarders living overseas there is a school shuttle bus that leaves Heathrow at 10am.**

Some older boarders prefer to travel by train. Tickets and train times can be found on [www.thetrainline.com](http://www.thetrainline.com).

Most of the overseas boarders prefer to stay in the UK with their guardians for the shorter holidays (February and May half-term) so there is no bus to or from Heathrow.

Travel to and from school should be fully planned by parents and guardians and then communicated to boarding staff on the Orah app. Parents and guardians of all boarders should include the time of departure or arrival and mode of transport. Parents and guardians of international boarders should also include details of flights and overnight stays in the UK.

At the start of each holiday the boarding houses close at the times indicated. For the longer holidays (October half-term, Christmas, Easter and Summer) a school bus arrives at Heathrow at 3pm on the dates shown.

# International (sponsored) students

Overseas Boarders arriving at Truro School who are not holders of UK passports will be:

- a. Sponsored students (having applied for a visa to study at Truro School); or
- b. On a short-term (maximum 6 months) study visa

In either case, Truro School is taking responsibility for them, on behalf of UKVI, whilst they are in the UK and three are regulations which we must follow to uphold the terms of our Sponsor Licence.

**Boarders in Category A** will receive their Biometric Residence Permit on arrival at school. They must ensure that their BRP card is kept safe and keep the card with their passport when they travel, as they will be required to gain re-entry to the UK. Truro School will hold copies of the original passport, Vignette and entry stamp, boarding pass from the inbound flight (please save) and the Biometric Residence permit.

On arrival, have ready your passport (containing the vignette), letter of parental responsibility (signed by parents for Truro School) and letter of confirmation of study from Truro School.

Do not use e-gates, even if you are eligible to do so.

Save your boarding card to show to school on arrival.

**Boarders in Category B** will receive a short-term study visa in their passport on arrival. Truro School will hold copies of their original passport, arrival entry stamp and boarding pass from inbound flight.

On arrival, have ready your passport, letter of parental responsibility (signed by parents for Truro School) and letter of confirmation of study from Truro School.

Do not use e-gates, even if you are eligible to do so.

Save your boarding card to show to school on arrival.

## Work

Truro School does not allow any of its sponsored students to take part in paid employment, regardless of the details outlined on the BRP.

## Truro School's reporting duties

We are required to report the following circumstances to the Home Office within 10 working days of the relevant circumstance:

- i. You are absent from school for more than 10 days without authorisation.
- ii. Your study ends prior to the date given on your CAS, and we must give the Home Office the name and address of any new sponsor (or departure information from the UK).
- iii. There are any significant changes in your educational circumstances, e.g. a change of living arrangements.

iv. We stop sponsoring you for any other reason, e.g. if you switch into an immigration route that does not require a sponsor, you leave the school or you cease to be a genuine student.

v. We have information which suggests you are breaching the conditions of your leave.

You are required to give us all the information we need to fulfil these duties.

## Travel and absences from the UK / Truro School

Students are able to travel outside the UK for holiday purposes on their current leave to enter but must provide all travel information, in detail, to boarding staff on the Orah app. It is our responsibility to know where one of our sponsored students is at all times. Therefore, detailed travel plans must include

- Date, time and mode of transport of departure from or return to school
- Train times if travelling by train from school
- Flight details (number, airport, date, time & destination/origin) if travelling by plane
- Name, phone number and address of the host family for any UK overnight stays

Any parents who do not provide the appropriate information as required to do so, risk the sponsorship of their son or daughter being removed.

# Induction for new boarders

The boarding houses are run by the house staff mainly on trust and respect, hence there are very few non-negotiable expectations. These are simple and straightforward but it is important that they are followed correctly.

## Aims and objectives

Many students new to boarding arrive feeling excited and nervous. New boarders are welcomed into the boarding houses which open the weekend before term starts. A full and varied programme of activities then takes place to help boarders settle into their new rooms and quickly make friends with other boarders. By the end of the induction the new boarders will be fully familiar with the common rooms, kitchens, games rooms and laundry room, the school dining room, the school library, the Sir Ben Ainslie Sports Centre, the nurses and the medical centre, the uniform shop and the City of Truro. They will also take part on a trip to one of the many beautiful Cornish beaches and take part in a water-sports activity such as surfing or kayaking.

DURING THE FIRST FEW DAYS AFTER OUR NEW BOARDERS HAVE ARRIVED, THERE WILL BE:

- A WELCOME SUPPER
- UNPACKING AND FAMILIARISATION OF THE BOARDING HOUSE
- SOCIALISING WITH OTHER BOARDERS
- INTRODUCTION TO CHAPLAIN
- INTRODUCTION TO MEDICAL CENTRE
- INTRODUCTION TO EAL TEACHING
- BEACH TRIP AND TEAM-BUILDING ACTIVITIES
- SPORTS IN SIR BEN AINSLIE SPORTS CENTRE, INCLUDING GYM INDUCTION
- SCHOOL UNIFORM ARRANGEMENTS
- VISIT TO, AND FAMILIARISATION OF, TRURO CITY CENTRE
- A TOUR OF THE SCHOOL
- WI-FI ACCESS
- A WELCOME BBQ

NEW BOARDERS WHO ARRIVE IN THE MIDDLE OF THE ACADEMIC YEAR WILL ENJOY A SHORTENED VERSION OF THE ABOVE INDUCTION PROGRAMME.

# Pastoral care

## HOUSE STAFF

The Housemaster and Housemistress co-ordinate the pastoral care of boarders and are keen to help and support with the many challenges teenagers face. They are all passionate about encouraging boarders to take positive action which enables them to have the best academic, co-curricular, social and personal outcomes.

The Housemaster/mistress is supported by a team of Resident Tutors who help run the house for one evening per week and some weekends. There are also two Non-resident House Tutors who help during one weekday evening each. All tutors assist with the pastoral care of the boarders and any boarder in any house can turn to any of the tutors for help, advice or support.

## TUTORS AND HEADS OF YEAR

In addition to being in the care of a Housemaster or Housemistress, every student is in a Form, and the Form Tutor is an important person with whom students will have daily contact. He or she will be responsible for registering students every day, and is there to help, guide and monitor students in conjunction with house staff as they progress in the School. Heads of Year manage the tutor system and work closely with Housemasters and Housemistresses with pastoral and academic care of boarders.

## CHAPLAIN

The Chaplain, Rev Aubin de Gruchy, plays a key role in the pastoral care of boarders. He regularly spends time in the boarding houses during the evening and he enjoys helping support boarders - especially new boarders during their transition into boarding.

The Chaplain also leads boarders' chapel services which happen once every half-term. He has an office near the Chapel and his door is always open for boarders. Aubin adopts a very non-judgemental and supportive approach and he works tirelessly to promote effective and positive mental health for all students in the school. Boarders with any religious needs are welcome to approach the Chaplain or any member of the boarding team who can then make

arrangements to ensure that all religious needs are met

## PREFECTS AND BUDDIES

There are a Head of House, Deputy Head of House, and House Prefects for girls and boys boarding who are in the Upper Sixth and live in Trennicks and Malvern. Most of them have boarded in the junior houses and are keen to keep strong links with the junior boarders.

Each boarder has a school buddy, who is a day student, and a house buddy, who is a boarder, to help them settle in. There are also house prefects whose responsibilities include helping guide and support new boarders as they settle in.

The school has a modern, well-equipped Medical Centre run by Nurse Costa and Nurse Corden-Lloyd who are both Registered Nurses in Child Health. The Medical Centre is on call 24 hours a day for boarders.

Following the completion of the medical questionnaire; total medical care is provided by our medical team. The nurses in the Medical Centre oversee all medical issues. The school has a counsellor which students can access, if school feels that there is a need, without parental consent, as long as deemed to be "Gillick competent".

All our new students have the opportunity to undertake a simple health screen during their first few months at school (COVID restrictions permitting). This gives the student a chance to meet the medical staff and to check that they are in good health. Health screening includes a check of height, weight and sight. During this check there is an opportunity to talk through any medical issues that may be of concern e.g. asthma, as well as discussing any medication that may be required in school on a regular basis.

There is a clear school rule regarding medication. Any medication being taken on a regular basis must be discussed with the school nurse and be left in the medical centre during school time. Students should not be carrying medication with them at school for the safety of the whole school community.

**From time to time your child's health may change.** Please advise the Medical Centre of any changes which could be relevant to your child's health in school and we will endeavour to provide support. You may contact the Medical Centre on the direct telephone number: **01872 246020** or by email: [medic@truroschool.com](mailto:medic@truroschool.com)

# Guardianship

During term time the School takes responsibility for each student's welfare and acts in loco parentis. However, there are times e.g. Half term breaks, medical circumstances, a pupil's temporary or permanent exclusion by the School, or in the unusual event of the School having to close due to events outside our control, when the School must be able to hand over parental responsibilities to another adult – the appointed Guardianship organisation/Guardian.

All parents resident abroad must arrange appropriate guardianship support for their child / children while they are pupils at Truro School. This is the case for all pupils, regardless of age.

All guardians must be resident in the UK and able to act with the full authority of the parents.

The choice of guardian is the responsibility of the parent: the school can accept no legal responsibility for any guardianship arrangements. The school expects the guardianship arrangements to meet the expectations outlined in this policy.

Any change of guardian must be communicated to the school in writing.

## **Eligibility of Guardians:**

- The guardian may be an appointed guardian via a guardianship agency or a nominated friend of the family or another family member.
- The guardian should be over 25 years of age and live within 300 miles of the school.
- The guardian must have a permanent or semi-permanent place of residence in the UK, independent of any educational institution.
- The guardian must live in the UK and be available if called upon when required.
- The guardian should not be a full time student.

For all international students who have not chosen a family member or friend as a guardian, the School strongly recommends that you appoint a reputable guardianship organisation that is accredited by AEGIS (the Association of Educational Guardians for International Students).

## Guardian's role and responsibilities:

- Act with delegated parental authority in the case of an emergency and in other matters agreed by the parents;
- Provide suitable living and studying accommodation in accordance with the Children Act (1989) and other UK legislation;
- Respect and support the rights, religion and customs of the international pupil
- Ensure that, when in their care, any pupil requiring medication receives the prescribed dosage and that the administration of drugs is recorded in accordance with the medical information supplied by the School's medical centre;
- Ensure that pupils receive any medical attention they may require. Full details of any visits to the doctor/hospital and any drugs prescribed must be passed to the school medical staff upon the pupil's return;
- Ensure that the pupil in their charge is resident with the guardian during half-term or full holidays, unless they are going home: Bed and Breakfast or Hotel accommodation does not fulfil this requirement unless the guardian is staying with the pupil at the same establishment;
- Provide safe care during any absence from the School, for example, long term illness or exclusion. In the unusual event of the School having to close due to an epidemic or a pandemic the guardian will be responsible for collecting and caring for the pupil;
- Collect and return the pupil to and from the School in accordance with the published term dates or ensure that suitable arrangements are made and confirmed in writing with the School;
- Collect the pupil from school when requested by the medical centre in the event of a diagnosis of a contagious medical condition. Abide by any further school guidance relating to said contagious medication condition.
- Be willing to receive school reports and other communication from the School and attend Parents'/ Guardians' Evenings if requested to by the pupil's parent.
- Advise parents if they are to be out of the country and/or out of contact for any period of time so that a second contact can be appointed by the guardianship organisation or fully authorised by the;
- Be familiar with the School's rules, regulations and policies;
- Notify the school of any change of email or mailing address or contact numbers.

## Failure to comply

If parents fail to provide a suitable guardian, the School reserves the right to employ the services of a Guardianship Agency who will appoint a guardian, the cost of which will be charged to the parents' account.

Parents are requested to notify the Admissions Office of the name of their Guardian or Guardianship company on the form sent with the acceptance paperwork. Any subsequent changes to guardianship should be notified to the Housemaster/mistress.

# Communication between parents and boarders

All boarders must have a mobile phone and the school recommends a smartphone. The school provides wi-fi which allows boarders to communicate home using the internet for free.

The school wi-fi is switched off at night and there will be occasions when boarders hand in their phones overnight in order for them to stand a better chance of getting a good night's sleep.

Boarders are welcome to use the house office phone if needed.

## Boarders' code of conduct

Be respectful to others, their space and property.

Observe and act in accordance with the anti-bullying policy as outlined on the school website.

Respect other peoples' working patterns – for example by being quiet when roommates want to finish work in free time.

Be polite – whether there are adults present or not – open doors, greet staff and visitors, be helpful and use good language.

Trust each other, and be trustworthy, honest, kind and considerate.

Look after each other. We all have a responsibility, adults and students, to make sure that boarders are safe and happy. This also includes situations outside of school.

Challenge yourselves and develop your interests – there are lots of opportunities to try new things and see new places – make the most of them.

Have fun! Enjoy each other's company and being part of a community as well as being an individual.

## Inside a boarding house

### Students' Rooms

Depending on their age, students may have their own room (mainly sixth form) or they may share in a larger room. Everyone has their own bed, wardrobe, desk, chair, storage space and a lockable space. Each student also has a personal pin-board so they can bring along photographs and posters which they can put up to quickly make their room feel like home.

Bedding, pillow, pillow cases, duvets, duvet covers and sheets are provided but many boarders prefer to bring their own from home.

None of the rooms in Truro School's boarding houses are 'en suite' but there are many showers and toilets close to each bedroom. The communal areas of each boarding houses are cleaned daily. Boarders' bedrooms are cleaned several times a week.

### Safety and security

The entrance door to each boarding house is opened using an electronic wristband or by entering a code on a combination lock. After bedtime the member of staff on duty ensures that windows and doors are secured before turning on an intruder alarm. Overnight a security company patrols the site. Fire drills are carried out once a term. New boarders will be fully briefed about safety and security during their induction.

# Clothes, passports, phones and pocket money

## Passports and pocket money

All boarders are provided with a lockable space in which they should keep wallets, passports and other valuables. 1st to 4th Year boarders are encouraged to hand their pocket money in for safe keeping in the house office. They are welcome to withdraw pocket money whenever needed. 5th Year and Sixth Form boarders are encouraged to look after their own pocket money - many open a bank account with a local bank.

In an emergency boarders may take a cash advance from the Finance Office the sum of which will be added to their school bill. There will be a 5% charge on cash above the sum of £20 being taken out by boarders.

**All boarders are advised to keep their passports in their lockable space.**

## Mobile phones

Each boarder needs to have a working mobile phone so that they can be quickly contacted by staff or they can contact staff when they are off campus such as visiting Truro or on a weekend boarders' trip. Mobile phones must have a security code and should be marked with the student's name.

## Laundry

Boarders can wash, dry and iron their clothes in the house laundry room or can send it to the school laundry. The school laundry returns washed and ironed clothes within a few days. The importance of having items of clothing and all possessions clearly named and the importance of keeping valuable items in lockable spaces cannot be over-emphasised.

1st to 5th Years must use the school laundry and so should have all their clothes named. Sixth Form boarders may use the house laundry machines, but may prefer to use the school laundry in which case all their clothes should be named.

## Stationery and school equipment

### At lunch time boarders have the same options as the day students

- Hot or Cold Buffet
- Pasta and Jacket Potato Bar
- Take-away picnic lunch
- Sixth Form Cafe (Sixth Form only)

Boarders' supper is also served in the school dining hall but it is much more relaxed than the school lunch time. Boarders can sit where they want and with whoever they want, staff and their families will be dining with them and it is a very social occasion.

At weekends breakfast and lunch are combined into one meal called brunch which is served mid-morning. Boarders can take away sandwiches and brunch items to eat later in the day. There is then an evening meal which is in the school dining room, a BBQ at the boarding house or sometimes a meal prepared by the boarders themselves in our own Cookery School. Boarders with dietary requirements can inform boarding staff who will co-ordinate discussions with the very approachable and friendly catering staff. The catering team have an outstanding record of meeting dietary requirements and are very happy to help boarders.

The catering staff provide a three week menu which is published on house notice boards so our students know what to expect in advance.
